REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2008-09 school year has been extremely productive at Ninety Six Primary. This year, our staff received training on the state's new Financial Literacy standards and implemented a new curriculum to address these standards at all levels. Additionally, we revisited Thinking Maps and have seen many new applications for the use of these maps instructionally. The Compass Odyssey software was a great addition to our school curriculum. This program generates individual lessons for each student based on MAP scores for each testing period. Students have access to this software in the computer lab and in small groups within their classrooms.

Classroom guidance, individual guidance, and small group guidance have helped our students mature and learn to get along with others. Currently, we are training our staff in methods of inquiry learning, and we are beginning the journey to becoming an IB authorized school. Our staff continues to strive to meet the needs of our diversified student population in an effort to challenge all students academically. We encourage you to become a part of the learning process at Ninety Six Primary. It takes a strong staff, supportive parents, and lots of community involvement to prepare our students for the challenges they will face in the 21st Century.
